Second Warehouse Construction Project in Laem Chabang, Thailand Started

Our subsidiary in Thailand, Sumiso (Laem Chabang) Co., Ltd., started to construct its second warehouse in Laem Chabang.

1. Purpose of Construction

We, Sumitomo Warehouse Group, provide various logistics services based in Ayutthaya, Bangkok, Laem Chabang and Suvarnabhumi International Airport in Thailand.

Our first warehouse in Laem Chabang area completed in October 2016 shows strong performance, and logistics demand is expected to expand in this area because it embraces the largest trading port in Thailand and many industrial parks are located in the surrounding areas. Considering such circumstances, we determined to build the second warehouse in this area as planned initially, and we started its construction. With this new warehouse, our total floor area in Laem Chabang will reach about 20,000 square meters.

Besides the above, we will complete the fourth warehouse construction in Ayutthaya area in May this year. We will take such expanding logistics demand in the new warehouses to expand our business in Thailand still more.

2. Outline of Second Warehouse in Laem Chabang

- (1) Location : Amphur Banglamung, Chonburi, Thailand
- (2) Structure : 1-Story, Reinforced Concrete Structure (1 building)
- (3) Total Floor Area : 9,984 sqm
- (4) Completion : November, 2018 (Estimated)

Note: This side (left side) is the second warehouse.
